Connectivity
- PC Link: USB interface

Accessories
- Included accessories: Wireless receiver, IFU / User Manual, Installation CD
- Batteries: 4 x AA batteries

Highlights

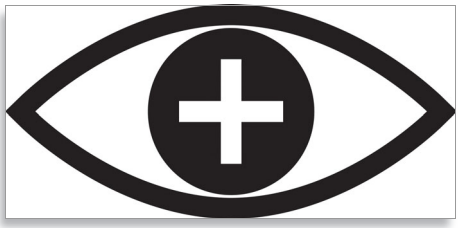
>7 months battery life
Enjoy battery life for more than 7 months with the smart power management system. It saves battery life by turning off the mouse when it's not active.

1000 DPI high accuracy
The high 1000 DPI resolution makes this mouse extremely accurate. That means less movement, less effort and greater comfort and efficiency.

2.4 GHz connection
With the reliable 2.4GHz wireless connection you can control your mouse from up to 8 meters away. The product operates on a higher frequency than standard wireless devices so you will not experience interference from other wireless devices. For extra reliability, special encryption technology is used to maintain a non-interrrupted connection.

4 way scroll wheel
Scroll in any direction with the handy 4-way scroll wheel of your mouse. Perfect for games or large spreadsheets, you can stop dealing with annoying scroll bars and move anywhere onscreen freely and easily.

Precise optical sensor



Philips optical technology ensures extra accuracy and responsiveness. You can work with it on most surfaces, including wood, plastic or paper.

Spill-proof keyboard design
The keyboard is built to resist accidental spillages. Designed with drainage holes and separation between the electronics and the plastic, this keyboard guarantees a longer lifespan.
